23 December 2008

Dear Ms. St. Amour,

The UN General Assembly adopted Resolution A/RES/63/202 under item 46 of the Second Committee of the General Assembly (*Information and communication technologies for development*) on 19 December 2008. This document is available at: <http://www.un.org/ga/63/resolutions.shtml>

The Resolution requested the Secretary-General "to submit to the Economic and Social Council at its substantive session of 2009, on the basis of his consultations with all relevant organizations, including international organizations, a report which may contain recommendations on how the process towards enhanced cooperation should be pursued".

In response to this Resolution, and in addition to my letter dated 10 June 2008, I am writing once again to invite your organization to provide a contribution to the report. Whereas in my previous letter, I invited your organization to provide a performance report on the steps taken towards enhanced co-operation on public policy issues pertaining to the Internet, this invitation seeks your recommendations on how the process towards enhanced cooperation should be pursued.

Along with the reports of other relevant organizations, your input on the recommendations will be summarized in the Report.

I thank you in advance for providing your contribution. Kindly submit your report no later than 31 January 2008. On this occasion, I would also like to express my gratitude for your previous cooperation and at the same time wish you a prosperous 2009.

Yours sincerely,

Sha Zukang
Under-Secretary-General
