Internet Society Chapitre Haïti may be abbreviated ISOC HT.

B. COMMUNITY OF INTEREST THE CHAPTER WILL SERVE

The Republic of Haiti.

C. PURPOSE AND SCOPE OF CHAPTER

The main purpose of the chapter is to defend the rights of Internet users, the Internet service providers, IT professionals and all other individuals or entities interacting with the Internet in Haiti. The chapter will also:

1. Educate the Haitian population on how to properly use the Internet through seminars, conferences, media campaigns, etc.
2. Establish partnerships with the government, international organizations and other institutions with similar missions in Haiti and abroad.
3. Advocate for Internet accessibility for the entire population.
4. Organize activities to strengthen ties between the various stakeholders interested in the Internet.
5. Make advocacy for the adoption of a legal framework for the development of new ICTs in Haiti.
6. Promote the use of new technologies in education, the workplace and in state organizations in order to contribute to the country's economic development.
7. Promote active participation of the Haitian population and its representatives in regional and international activities related to new information technologies.
